

Deafness Cannot be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever, nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centres in the stomach, gently stimulates the liver and kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c or \$1.00 per bottle at D. J. Brannen's Drug Store.

Bids for the waterworks bonds will be considered by the Council on April 12th.

The Rev. W. H. Weaver, pastor of the U. B. church, Dillsburg, Pa., recognizes the value of Chamberlain's cough remedy, and does not hesitate to tell others about it. "I have used Chamberlain's cough remedy," he says, "and find it an excellent medicine for colds, coughs and hoarseness." So does everyone who gives it a trial. For sale by D. J. Brannen's Drug Store.

Private School.

Miss Cora M. Finnie will open a private school in Flagstaff about May 1. Persons interested may obtain particulars by applying to Miss Finnie in person or by letter.

Americans are the most inventive people on earth. To them have been issued nearly 600,000 patents, or more than one-third of all the patents issued in the world. No discovery of modern ages has been of greater benefit to mankind than Chamberlain's Colic, Cholera and Diarrhoea Remedy, or has done more to relieve pain and suffering. J. W. Vaughn, of Oakton, Ky., says: "I have used Chamberlain's Remedy in my family for several years and find it to be the best medicine I ever used for cramps in the stomach and bowels. For sale by D. J. Brannen's Drug Store."

William Babbitt has returned from Kansas.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever, sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by D. J. Brannen.

The Grandest Remedy.

Mr R. B. Greeve, merchant, of Chilhowie, Va., certifies that he had consumption, was given up to die, sought all medical treatment that money could procure, tried all cough remedies he could hear of, but got no relief, spent many nights up in a chair; was induced to try Dr. King's New Discovery, and was cured by use of two bottles. For past three years has been attending to business, and says Dr. King's New Discovery is the grandest remedy ever made, as it has done so much for him and also for others in his community. Dr. King's New Discovery is guaranteed for Coughs, Colds and Consumption. It don't fail. Trial bottles free at D. J. Brannen's Drug Store.

Education in Russia.

Through the rapid growth of Russian power in Europe and in the far East we have presented a great collision of moral forces embodied in the civilizations respectively of the empire of the Czar and of Great Britain, says the Independent. This spectacle imparts a special interest to everything by which the tendencies of Russian influence may be gauged. Is it a power making for darkness or for light? The educational test is not an unfair one, and certainly in the two departments of technical and of diplomatic training Russia may give lessons to the world. But what does her supremacy promise for popular enlightenment? The answer is suggested by her illiterate population, seventy per cent of the total. More impressive yet is the dark cloud that settles down upon provinces that have been or are in the process of being Russianized.

A few decades since the Baltic provinces had excellent schools, and in Courland especially instruction was general. Now many of the peasants, the children and grandchildren of literate parents, are unable to read and write, because they are forced to learn the Russian language, which they do not comprehend. In the interior of Russia it is estimated that there are 5,000 villages without a schoolhouse, in hundreds there are houses but no teachers. Besides, the snows and storms in winter are so severe that pupils often cannot reach the school. If one exists, for several days. Even in the spring, when the snows are melting, the roads are frequently impassable. These causes with the innumerable holidays (i. e., church and fete days), reduce schooling to a ridiculously short period. In St. Petersburg itself, where the conditions are vastly better, it is admitted that the schools are generally overcrowded and inconveniently placed and that from six thousand to ten thousand children of school age are kept from instruction by the want of accommodation. The Mayor of the city has recently urged the necessity of a compulsory school law, while admitting, however, that there is no prospect of securing such a measure.
